WORK EXPERIENCE

Data Analyst – Diem The App: Toronto, ON

Jun 2020 - Present

- Designed Excel models using PivotTables, V/HLOOKUPs, and other advanced functionalities to detect relevant trends spanning from customer acquisition to retention
- Identified new market segments based on data findings, helping drive strategy and growth

Business Analyst – Lavender: Remote (New York City)

May 2020 - Present

- Worked with founders to help execute market strategies and grow paid customer base
- Built in-depth Excel analyses for Sales team, with a focus on SaaS utilization trends across various industries
- Collaborated with Finance team to create thorough financial forecasting models

Product Team - Concis: Remote (India)

Apr 2020 - Present

- Oversaw report summaries conducted and prepared by other analysts, helping them build an effective and captivating roadmap for their research analysis and findings
- Analyzed market research reports across a number of sectors ranging from FinTech to AI, with a focus on summarizing concepts and drawing out key takeaways for use in Venture Capital and Private Equity
- Communicated pertinent information through written report summaries, audio recordings, and slide decks

Research Analyst – MSAM Laboratory, Waterloo University: Waterloo, ON

Jul 2019 – Aug 2019

- Began optical scanning for prototype that was to be used for topology optimization
- Analyzed and compared various fume extractors for FDM (3-D) printers through cost-benefit analyses
- Used Computer-Aided Design (CAD) to create and source parts for FDM (3-D) printer enclosures, with a primary focus on maximizing particle airflow efficiency in order to reduce hazardous fumes
- Prepared 3-D printed specimens for post-process analysis (cutting, mounting, grinding, and polishing)

Basketball Head Coach - York University, Glendon Campus: Toronto, ON

Jul 2017 – Aug 2017

- Planned weekly activities in detail with a focus on improving the skill set and athletic capabilities of campers
- Led drills for campers ranging from (8-15 y/o), providing in-depth feedback and working individually with campers to build their confidence and capabilities both on and off the court

EXTRACURRICULAR EXPERIENCE

Senior Research Analyst - Ivey Business Review: London, ON

May 2020 - Present

Responsible for evaluating corporate strategy, conducting research, and thoroughly fact-checking articles
Director of Industry - Western Founders Network: London, ON
Sep 2019 – Apr 2020

- Wrote components of the case used for Industry's flagship event, Technology Consulting Competition, with a focus on clarifying concepts and making them understandable to over 200 competitors without a concrete background in technology
- Reached out to potential sponsors, building rapport and generating interest from multiple clients for future sponsorship of TCC
- Took part in organizing the first iteration of Career Coffee Chats, a structured networking event to introduce members to a variety of fields that integrate business and technology (ie. product management, consulting)
